KEY

INDUSTRY SECTORS

We offer very comprehensive services across a wide spectrum of industries and pride ourselves on offering unrivalled ongoing solutions that fit.

We work with all kinds of businesses from large multi nationals to thriving young enterprises and make it our business to understand your requirements. We at FSL pride ourselves on offering a personal service and exceeding expectations at every stage of the journey.

AEROSPACE & AVIATION

The aviation and aerospace industry requires specialist support to ensure timely and cost effective solutions are in place to meet our customer needs. The FSL AOG Team can help you find the perfect solution with its round the clock service and expertise in this sector.

MEDICAL / BIO / PHARMA / PPE

The medical, pharmaceutical and healthcare industry has a huge global responsibility to deliver to firm timeframes and we understand the urgency of this high-priority sector, with extensive experience to offer smart tailored solutions to fit. We also offer temperature-controlled solutions.

RETAIL / FASHION & GOH

FSL understands the retail industry and the pressure on margins in this highly competitive space. We try and highlight any areas within the supply chain that allow us to ease the impact on the bottom line and add real value wherever we can.

FOOD & DRINK / PERISHABLES

This industry requires great understanding of how to transport food and beverages and additional storage or transport complexities that we need to work around ie temperature-controlled logistics or timing to ensure goods arrive here ready to sell. Our experienced team are here to tailor viable solutions for our client's requirements.

MANUFACTURING & ENGINEERING

The manufacturing and engineering industry require highly specialist involvement of our experienced team, to understand the intricacies of each job at hand and then finding solutions to meet expectations. We understand how important it is to keep the lines moving and how time critical every job can be and are at point to assist.

MINING LOGISTICS

We have a vast amount of experience in the mining sector and understand its time sensitive nature. FSL have a wealth of experience in handling the specific needs of drilling, mining and excavation companies worldwide.

EVENTS / SHOWS & EXHIBITIONS

We also like to be involved in some of the fun stuff going on across the Events, Shows and Exhibition Space and take time to understand exactly what is required in order to execute any movements or storage services that are required by our clients.

PROJECT CARGO

This is another area that we love to get involved in, it requires out the box solutions, which is again something that we pride ourselves on as a new-age company. So if customers require assistance with oversized, heavy or highly valuable cargo, quite rightly they look for experts that pay attention to the details and this is what we offer.

AGRICULTURAL EQUIPMENT

The agriculture sector requires several components to harvest produce and that too at certain points of a products lifecycle. We therefore have a number of processes in place to support the fast, reliable logistics solutions to reduce any costly downtime.

AUTOMOTIVE LOGISTICS

We offer seamless solutions, with dedicated account managers to offer that extra amount of care, speed of service and accountability for our services. We understand the supply demand within the automotive sector and are geared up to support.
